

PRESS RELEASE N°1

FROM JUNE 25 to 27, THE CISALPINA CLASSIC RACE RETURNS

Entries open for the 2026 edition of the prestigious event of the Campionato Italiano Grandi Eventi for Modern Supercars and Classic Cars, branded Classic Paddock, scheduled between Courmayeur and La Vallée. The tourist section (without timekeeping) is confirmed. Dream cars and landscapes for an experience blending beauty and high-altitude hospitality. Early Booking incentives available until the end of February 2026.

Varese, January 9, 2026 – Dreamlike settings, some of the most beautiful automobiles in the world, and an unforgettable sensory experience. Entries for the Cisalpina Classic Race 2026 will open tomorrow (Saturday, January 10). The regularity race is valid for the Campionato Italiano Grandi Eventi for Modern Gran Turismo Cars (of which it represents the second round of the season) and the ACI Sport Superclassica for historic cars built up to the year 2000. The event will take place in Valle d'Aosta from June 25 to 27, 2026. Approximately 500 km of route will see classic cars and supercars parade in complete safety, with start and finish in the evocative areas of Courmayeur, touching the enchanting locations of La Vallée.

After the extremely high appreciation of past years, where dream cars and star crews took turns in the shadow of Mont Blanc, the Cisalpina Classic Race returns with growing enthusiasm. Organized by Classic Paddock, it was born from the passion and expertise of Roberto Crugnola, an event organizer for 25 years, who has been competing in and preparing regularity rallies for over 10 years. These are the premises that will lead guests to take on alpine hairpins and cross "Dolce Vita" locations such as Courmayeur, La Salle, Morgex, La Thuile, Aosta, and Châtillo.

"We are preparing an edition rich in valuable innovations," says Roberto Crugnola, "to offer our esteemed guests an event to remember, both from a technical standpoint and in terms of hospitality. Since its first edition, the Cisalpina Classic Race has generated great enthusiasm, attracting the best protagonists of the discipline and crews from all over Europe. In the coming weeks we will begin to unveil all the details of the competition, but in the meantime I would already like to extend our welcome to the crews who wish to register."

Returning to the race itself, from Mont Blanc to the San Carlo Pass and up to the Great St. Bernard Pass. Climbs, descents, and hairpins for all tastes, with around 100 precision tests including classic regularity and average-speed tests, reserved for stopwatch purists who will share a fascinating setting with those who, in the tourist section, love engines without taking on timekeeping challenges.

There will also be a true experience for the crews, who will enjoy dream hospitality in charming settings such as the Relais Mont Blanc, event headquarters, and the Boutique Hotel & Spa Villamour, which will warmly welcome participants.

PRESS RELEASE N°1

Given the growing demand from new crews, the organization has decided to limit the number of entries in order to provide the utmost attention to its guests.

All information and entry forms divided between classic cars – Supercar GT and Tourist categories are available on the competition website www.cisalpinaclassicrace.it
